

PRIEST DIED TO SAVE OTHERS

Church and Rectory Burned in
Long Island City.

SERVANTS CAUGHT IN A TRAP

FATHER ERNEST ATTEMPTED TO
RESCUE THEM.

New York, March 5.—One priest and two servants were killed and two other priests were severely injured in a fire that destroyed St. Patrick's Roman Catholic church and the adjoining rectory in Long Island City today. Those killed were the Rev. Father Ernest, and Mary and Margaret Brady, domestics. Those injured were the Rev. Joseph Kearney and the Rev. Father Hennigan. The money loss by the fire was estimated at \$35,000. Father Ernest is believed to have lost his life while trying to save the two women.

The rectory was a three-story brick building with an attic. The two women were sleeping in the attic and the priests were in the parlor on the second floor. The fire, which started in the passageway connecting the church and the rectory, spread to both structures with great rapidity, and by the time the firemen reached the scene the whole rectory was ablaze.

Two Priests Escape.

Father Kearney made his way down stairs through the blinding smoke and escaped into the street. He was injured about the face and hands, having been cut and bruised while groping his way through the smoke. Father Hennigan, who is the rector of the church, saved himself by sliding down a plank which was raised to the second story window by some workmen.

His hands were cut by the rough edges of the plank and his legs were bruised. He is suffering severely from shock and is being treated by Dr. Joseph and Mary Brady, who were sisters, appeared at a window of the attic just as the first fire company arrived. A ladder, indeed, but it was too short to reach them, and before a longer one could be raised they fell back into the flames. Nothing has been seen of Father Ernest and it is believed he had tried to make his way to the attic to save the women and was overcome by smoke before he could reach them. He was 27 years of age.

St. Patrick's church was the largest in Long Island City.

HEAVY DAMAGES CLAIMED.

Colorado Officials and Mine Owners
Sued For \$150,000.

Cripple Creek, Colo., March 5.—Attorney John M. Glover, a former congressman from Missouri, filed suit in the district court today against Governor James H. Peabody, Edward Verdenburg, secretary of the mine owners' association, and a number of officers and members of the mine owners' association, asking damages to the amount of \$150,000 for false imprisonment. Mr. Glover was imprisoned sixteen days in the military bull-pen and during that period, he alleges, the wound in his arm received in a fight with the militiamen at his office in this city last December, was neglected, resulting in permanent injury.

SIGNATURE WAS LACKING.

Man Arrested For Passing Unsigned
Bank Note.

Portland, March 5.—Detectives arrested John J. McGowan, for passing a bank note. The note is one of the unsigned bank notes of the First National bank of Helena, Mont. A shipment of these unsigned bank notes was sent by the treasury department of the United States to the Montana bank and the express car containing them was robbed by the Curry gang. They have appeared all over the country. As the bill is not suspicious, no criminal action can be brought, but Municipal Judge Hogue sentenced the man McGowan to thirty days on the rock pile for vagrancy.

THEY ACTUALLY DO THE WORK

Food Eaten Is Worthless Unless
Digested—Some Stomachs
Must Have Help.

Food taken into the stomach which, from the nature of the food or the condition of the stomach, is not digested, is worse than no food at all. This is a true statement as far as it goes and a great many dyspeptics go only this far with their reasoning. They argue with themselves that because their stomachs do not do the work given them, they must be given some food to eat and they must be started. It would be just as sensible for a business man who is unable to do his own work to cut down his business to his own capacity as it is for a man to starve himself to relieve his stomach. The sensible business man employs help and goes forward with his business. Likewise the sensible dyspeptic employs help to relieve his stomach and give his body proper nourishment.

Stuart's Dyspepsia Tablets actually do the work assigned to them. They relieve weak and overburdened stomachs of a great portion of digestive action. This component parts are identical with those of the digestive fluids and secretions of the stomach and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do it.

On this account Stuart's Dyspepsia Tablets are perfectly natural in their action and effects. They do not cause any unnatural or violent disturbance in the stomach or bowels. They themselves digest the food and supply the system with all the nourishment contained in what is eaten and carry out Nature's plans for the sustenance and maintenance of the body.

How much more sensible is this method than that employed by many sufferers from weak stomachs. By this means body and brain get all the good, nutritious food they need and the food is properly nourished and equipped to carry on his work and perform his duties. He could not possibly be in proper working condition by starving himself or employing some raw-fangled insufficient food that does not contain enough nutriment for a year-old baby. A strong man doing strong work must be properly fed and this applies to the brain as well as the body.

Stuart's Dyspepsia Tablets, by relieving the stomach of its work, enable it to recuperate and regain its normal health and strength. Nature repairs the worn and wasted tissues just as she heals and knits the bone of a broken limb, which is of course not used during the process of repair.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box and they are the one article that the druggist does not try to sell something in the place of that "just as good."

MANY DOCTORS SIGN OF DEATH

Grim Pleasantry on the Part of
Dr. Mary Walker.

OLD WARRIOR'S ANNUAL VISIT

TILLMAN AND WARREN THE
BEST OF FRIENDS.

(Special to The Herald)
Washington, Feb. 5.—Dr. Mary Walker, who has been absent from the national capital for several years, has reappeared on the scene, and during the past week or two has called upon many members of congress and other public men. She is replete in a black cloth coat, trousers to match and a silk hat. The only feminine article of attire is a brown fur cape. She called at the postoffice department recently to express her sympathy for Mr. Bristow, who is suffering from an attack of la grippe.

"How many doctors has he got?" she asked of Mr. Bristow's secretary. "Only one," was the reply. "Well, he has a show of getting well," said Dr. Mary, and then she and three or four in consultation over him he would die sure."

Dr. Mary called at Senator Mitchell's committee room a few days ago to enter a protest with the senator against the proposed pending Panama treaty. The senator was not in his committee room, and Dr. Mary asked his secretary, Mr. Robinson, to take down a few words of a message she wished to leave for him. Mr. Robinson politely declined, and Dr. Mary continued dictating her message. When it ran up to fifteen or twenty pages of the stenographer's note book, Robinson began entering a protest himself. He had much difficulty in shutting off the voluble doctor, who would have dictated matter for a two or three hours address if she had not been checked.

Chief Joseph in Washington.

Chief Joseph, the famous warrior of the Nez Perces tribe of Indians, is making his annual visit to Washington. He comes here every winter to appeal to the president and congress for the settlement of a claim of his tribe. Because of Chief Joseph's leadership in the Nez Perces war he and 250 other Indians of his tribe were deprived of their allotments of land. They have been trying ever since to get what they regard as their share of the land, its equivalent in money. They have been appealing to congress to grant them justice, claiming that they were not bad Indians before 1877 and have been peaceful and well-behaved ever since. The time having passed for them to get an amendment in the house to the proper appropriation bill, they want to get an amendment tacked on in the senate and they went to the president to ask that he help them to get what they want. The president said he would think the matter over. As Chief Joseph had been a brave warrior, and a good citizen since he laid down arms, the president was inclined to sympathize with him. The 250 Indians will be satisfied with either their portion of government land or its value in money, and an effort will be made to have them allowed land.

Are the Best of Friends.

The recent "bottle incident" in the senate between Senators Warren and Tillman perhaps would not have occurred had it not been for the warm personal friendship which exists between the two senators. Senator Tillman has a particularly warm spot in his heart for Warren on account of the latter's action at the time of the Tillman-McLain episode in the senate. It will be recalled that Tillman had been invited to a White House dinner, and after his fight in the senate chamber his invitation was withdrawn. It happened that Senator Tillman also had an invitation from Senator Warren at the same time to a dinner he was about to give, and which he had accepted. Tillman immediately went to Warren and offered to withdraw his acceptance, saying his presence at the dinner would detract from the circumstances might cause embarrassment. Senator Warren insisted that Tillman should not withdraw his acceptance and assured him that his presence at the function was desired. Tillman appreciated this action on the part of the Wyoming senator very deeply, but finally decided not to attend the dinner. "For," as he said, "somebody might say something by way of pleasant, and I might not take it just the way I should, so I had better stay away."

WILL VETO IT.

Roosevelt Not Satisfied With Rosebud Reservation Bill.

Washington, March 5.—Representative James Sherman of New York, chairman of the Indian affairs committee of the house of representatives, had a conference today with the president regarding the bill providing for the opening to settlement of 466,000 acres of land in the Rosebud reservation, South Dakota. By the terms of the measure the land may be sold to settlers for not less than \$2 an acre, the amount of the purchase price to be paid in five annual installments, the first being paid at once. The land to be allotted at \$4 an acre. President Roosevelt informed Mr. Sherman that he was opposed to the bill of payment fixed in the bill, but he had decided not to attend the dinner. "For," as he said, "somebody might say something by way of pleasant, and I might not take it just the way I should, so I had better stay away."

NO ANSWER NECESSARY.

Russia Merely Lodged Its Protest With the Powers.

St. Petersburg, March 5.—It is possible that the authorities will arrange to give Lieutenant Newton A. McCully, the United States naval attaché with the Russian navy, special facilities over the Siberian railway to join the Russian squadron. He is on his way here immediately from London. The military attaché will proceed with similar facilities about April 1.

The Berlin report, based on a telegram from St. Petersburg that all the powers except the United States and Great Britain replied to Russia's note communicated to her ambassadors abroad given out Feb. 23, agreeing with the Russian view that Japan had violated the neutrality of Korea, is incorrect.

The foreign office explains that Russia lodged this protest with the powers without requesting an answer, leaving them free to express opinions or not as they pleased. At the same time the correspondent of the Associated Press gathered that the powers were expected to declare themselves on the subject at some time in the future.

INDEPENDENTS SHOW BIG GAINS

Result of Parliamentary Elections in Japan.

MUCH INTEREST MANIFESTED

ALL PARTIES UNITED ON THE
WAR ISSUE.

Tokio, March 5.—The final returns of the parliamentary elections show that over 100 new members were elected. The large increase of the independent membership is regarded as a favorable sign. Of late years life had largely been composed of politicians, and popular interest and confidence in it has decreased. The diet, in consequence, has ceased to be the great representative body the constitution provided. Political issues have caused bickerings and frequent dissolutions, making the government partly an oligarchy instead of a constitutional administration. The war has revived interest in national affairs and the new diet is regarded as an improvement on its immediate predecessors.

Subscriptions to the war bonds, gifts to the military war fund and contributions to war charities have been exceedingly large. The subscription list for the issue of the first 100,000,000 yen of war bonds, which closes on March 10, will be over-subscribed four times. The Soldiers' Relief society, which is being promoted by Count Matsugata and Inouye, reports subscriptions approaching 1,000,000 yen. Donations totalling 250,000 yen already have been paid to the war fund. Hundreds of applications have been made for permission to contribute to the coming army and navy relief funds, the amounts offered making a total of 250,000 yen.

The Ladies' Patriotic society, largely composed of princesses and the wives of nobles, is raising a fund in aid of the Red Cross. The latter society already possesses a large fund and an extended organization in Japan.

NO MERCY SHOWN.

Washington, March 5.—Justice Pritchard today overruled the motion of Samuel A. Groff, one of the recently convicted defendants in the postal trial and sentenced him to two years imprisonment in the Moundsville penitentiary and to pay a fine of \$10,000, sentence to begin on arrival at the penitentiary. Groff immediately furnished bond for \$20,000 pending trial.

CHARGED WITH MURDER.

Albuquerque, N. M., March 5.—Joseph Trujillo and his wife have been arrested and charged with the murder of Mrs. Mary Ann Boon, aged 70, who was killed in her bed in a room adjoining that occupied by the Trujillos. Mrs. Boon apparently had been choked to death after being made insensible by a blow on the head. Robbery was the motive for the crime.

Reflections of a Bachelor.

(New York Press.)

A girl always put on language to match her clothes.

You could never make some prudes believe they were born without any clothes on.

It makes a girl very indignant for a man to kiss her without the lights being out.

A woman would rather follow intuition and be wrong than reason and be right.

Operation a Success

Negro's Heart Taken Out and
Wound Sewed Up by
Surgeons.

Philadelphia, March 5.—Thomas Emerson, a colored man who was stabbed in the heart Monday by his sweetheart, has been the subject of an unusual operation. His heart was lifted out of the body and six stitches were taken to close the big gash made by the negro's knife. The organ was replaced and Emerson is recovering.

PASSENGERS RESCUED.

Trains Still Stalled in Montana Snow Drifts.

Butte, March 5.—A Lewiston, Mont., dispatch says:

The trains on the Montana railway reported yesterday in these dispatches to be stalled in the snowdrifts have been located—one between Harlowtown and Ubat, and two other trains near Summit. The passengers, about twenty in all, were rescued last night by stages, which shoveled a path over the hills to the track. The snow-plows are unable to buffet the blizzards and nothing but a thaw will open the road. The crews of the stalled trains stayed with them, being left an ample supply of provisions.

Lewiston suffers by the tie-up. In two days, unless a freight can get through, the town will be in darkness. The storekeepers have sold their last barrels of kerosene and candles cannot be had for love or money. Ranchers are able to supply some provisions, but food will begin to be scarce in another week. Never in the history of the state of Montana has such a series of snowstorms been experienced. The passengers from the stalled trains went by stage today to Big Timber, where the road is open.

WE TREAT AND CURE

CATARH—Deafness, Nose and
Throat Troubles, Eye and Ear
Diseases, Bronchial and Lung
Asthma, Stomach, Liver and Kidney
Diseases, Bladder Troubles, Female
Complaints, Chronic Diseases of
Women and Children, Heart Disease,
Nervous Diseases, Chorea (St. Vitus' Dance), Rickets, Spinal Trouble,
Skin Diseases, Scatolical and Rheumatism, Diseases of the Bowels,
Piles, Fistula and Rectal Trouble,
Goitre (or Big Neck), Blood Diseases,
Lost Manhood, etc., etc., Tumor, Hay Fever, Hysteria, Epilepsy,
Insomnia, etc., and all curable Nervous, Private and Chronic Diseases.

In Private Diseases of Men

Drs. Shores & Shores stand alone as the specialists who believe in their treatment so much that they boldly say to men suffering with private troubles: "PAY YOUR FEE WHEN CURED." Contrast this honest plan with the "pay-it-all-cash" plan of the fraud and fakir. Did you ever hear of a fakir "refunding" a penny to a duped patient? Drs. Shores say keep your money in your pocket and pay our fee when cured.

\$3 A MONTH BY MAIL.
